CHRISTIAN FELLOWSHIP

Gen. 24:31. "Come in, thou blessed of the Lord."

The Church is prepared for you, and Christ has ordained the Church and provided it with all things necessary for the refreshment, repose and invigoration of His people.

As Abraham's servant was invited to enter, so the ministers and laymen of God's Word and all the members of His Church invite all to participate in all the privileges of the Lord's House.

"WHO ARE THE BLESSED OF THE LORD?" The Lord answered this question in His Sermon on the Mount. "He opened his mouth and taught them saying, Blessed are the poor in spirit, and again, 'Blessed are they that mourn,' then again, 'Blessed are they that do hunger and thirst after righteousness,' these are 'blessed of the Lord.'"

WHY THOSE WHO ARE 'BLESSED OF THE LORD' SHOULD ACCEPT THE INVITATION OF THE CHURCH TO 'COME IN' BY CONFESSION OF CHRIST.

First: The Lord commands it. Matt. 10:32. "Whoever therefore shall confess me before men, I will I confess also before my Father which is in heaven," Again in Mark 8:38.

Second: The Church solicits it. A Christian who never confesses Christ and who holds aloof from fellowship with the Church might as well not exist, so far as the interests of the Church are concerned.

Third: The world needs it. The stronger the Church, the more potent is the influence of its work for the world's good.

Fourth: Our own spiritual welfare requires it. The value of fellowship is recognized in business, and Church fellowship is useful in strengthening the faith of those who shall have it with Christ. Also Christian fellowship is a safeguard in seasons of temptation.

LET US NOTE SOME EXCUSES

ES ADDUCTED BY THOSE WHO, THOUGH 'BLESSED OF THE LORD,' YET "STAND WITH-OUT."

First: Some are ashamed of Christ and shrink from the ridicule which confession might bring to them. Jesus said: "He that is ashamed of me, of him will the Son of Man be ashamed."

Second: Some keep outside that they may be FREE from the restrictions of church membership and have more liberty for sin, or at least to folly.

Third: Others keep outside because they resolve to postpone repentance.

WHY DO YOU STAND WITH-OUT "CHURCH ACTIVITY?"

You are hindered by unbelief at obstacles, erroneous opinions or misapprehensions.

Next week: "Making Light of Sin."

J. A. TIMMERMAN, Pastor, Elba Baptist Church.

ONLY FIVE COUNTRIES CAN EXPORT COTTON

AUBURN, Ala.—Twenty-two European countries, which formerly purchased from two to three million bales of American cotton, probably will not be buying any this year.

For all these nations are either within the German orbit and are unable to buy, or they are blocked and so cannot obtain shipments. Only three European markets are available, and there is little possibility that they will import much cotton.

Improved Uniform SUNDAY SCHOOL LESSON

By HAROLD A. LUNDGREN, D. D. Dean of The Moody Bible Institute (Released by Western Newspaper Union)

Lesson for November 24

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education, Inc., Chicago.

ATTITUDES TOWARD THE GOSPEL MESSAGE

LESSON TEXT—Luke 9:43. GOLDEN TEXT—Take heed therefore how ye hear.—Luke 9:18.

"He that hath ears to hear, let him hear," cried Jesus as He taught the parable of the sower. Thus He reveals the heart of the lesson—that it is the hearing of the Word of God, and the manner in which it is heard that determines the destiny of men.

One may hear and yet not hear at all. Some who imagine themselves deaf have perfect hearing, but are so preoccupied with their own thoughts that they do not grasp what they hear. To be in such a state as spiritual things are concerned is desperately serious. Jesus cries to you, "If you have ears, hear the Word of God!"

A parable is an earthly story relating common things of life to illustrate and present heavenly truth regarding the spiritual life. It is a parable that we do not need interpretation, but it does need application. The parable of the sower, or rather of the four kinds of soil, presents the hearers of God's Word as being like four different fields.

I. The Wayside (vv. 5 and 12).

Through the fields of Palestine ran well-beaten paths, so hard from many footsteps that no seed could find lodgment and grow. The hearts of men are like that, with the world rolling its heavy wheels over the souls of our thinking men and women. It is a pleasure and a trial to the soul, and the din and clatter of unwholesome and unwholesome radio programs cut paths across our lives.

Little wonder that so much of the Word of God which we do hear is picked up by the devil's own birds and carried away. Let's break up the hard ground of our life's way-side.

II. The Rocky Ground (vv. 6 and 13).

Here we have the shallow soil on the rocky ledge, where seeds grow as if in a hotbed, but wither when the steady heat of the summer sun comes upon them.

Shallow hearers are those who receive the Word with joy, are carried away with emotional enthusiasm and seem to be most promising as followers of Christ, but when real temptations and trials of life come, and then they are gone. They are like the soldier who enjoys wearing the uniform and marching in the parade past the reviewing stand with bands playing and flags flying, but who deserts his post when his company goes into the line and none of us wants to be that kind of a hearer of God's Word.

III. The Thorny Ground (vv. 7 and 14).

The soil was good, the seed found its place to live and grow, but no one kept down the weeds, and they, as usual, got the best of the good seed.

Note carefully in verse 14 what are the destructive thorns and weeds in the spiritual garden. The very things people in our day most seek to suppress are the things which choke spirituality. Watch them and root them out.

Observe also that the "seeds" of this world are the weeds of the devil. How they do press upon us and hinder our spiritual growth. A man tested that while he had attended church for 20 years he had never heard a sermon because he was always thinking about his business. How about you?

IV. The Good Ground (vv. 8 and 15).

The harvest comes from the good soil, and how it does rejoice the husbandman as it brings forth even up to a hundred fold.

The hearers of the Word who are thus fruitful for God are " honest." They listen to reality receive help and do something about what they hear. They have "good hearts"—a field plowed, prepared and weeded, ready to bring forth fruit. When they hear the Word they "hold it fast"—they are reverent, thoughtful and obedient to the Word. Then they have the "patience" of the spiritually. It takes patient effort and devotion to do that, be sure of it (read Luke 21:19 in the R. V.).

In conclusion, we ask, "What then shall we do—only in the good ground?" No, let us ask God to break up the beaten soil of the wayside and let them give up. Then let us go right on sowing the seed "in season and out of season" (read II Tim. 4:1-5).

In all such labors your heart will sing with joy because here there you will be privileged to minister to "an honest and a good heart" which will bring "forth fruit a hundredfold" to the glory of God and the encouragement of His faithful seed-sower.

Do Not Guess

But let every man prove his own work.—Gal. 6:4.

WAYS TO KEEP CANNED GOODS FROM FREEZING

AUBURN, Ala.—H. W. Deering, Jr., assistant extension cultural engineer, suggests three practical ways for farm men and women to prevent their canned fruits and vegetables from freezing during the cold winter months.

One economical method of insulating a canned goods storage pantry is to apply corrugated cardboard to the walls and ceiling. Very attractive result can be produced by tacking the cardboard to the wall and placing heavy gummed paper tape over the joints. The pantry can then be papered with heavy weight wall paper.

Another method is to place thoroughly dry sawdust in the walls and above the ceiling. If the overhead ceiling is not tight, it would be wise to apply building paper above the ceiling to prevent the sawdust from drifting through the cracks. If proper precautions are taken against fire, a lantern or kerosene lamp can be placed in the pantry on conditions of extreme low temperatures.

At practically no expense, a cellar could be excavated under most farm homes to provide space for storage of canned goods at a temperature above freezing.

Black eyes and blue eyes have exactly the same pigment. In black eyes the pigment is deposited in the tissues thickly. There is less pigment in blue eyes and the light blue results, according to the Better Vision Institute, from the way the light is reflected from the iris fibers containing the pigment cells.

"Let's say she gets to bed at ten every night."

"Yeah, I have a picture of her doing it."

"Great! I'd like to see it."
